Australia – Life Emeritus Member, Fellow,
CMC**

**Roger Daventry, LEM FIMC CMC
Senex Consulting
73 Dalkeith Road
Nedlands, WA 6009
Tel: (08) 9389 6081
mob: 0409 313 067
email: rogersenex@yahoo.com**

Personal background

Roger developed his career through retailer and wholesaler corporate management experience. Between 1978-86 he further developed management techniques for group interaction under the German Metaplan Group and social innovator, Eberhard Schnelle. Member – LinkedIn www.linkedin.com

President of the WA IMCA Chapter 1989-91.
Admitted as Fellow CMC in 1992.
Emeritus Life Member 2011

Experience

Roger gained several years experience in retail and wholesale management with national and international corporations before taking an interest in the development of corporate working ecology. He created Western Australia's first dedicated Major Corporate Interior Design Team as project leader and organizational consultant. Roger interacted with International design houses in the generation / development of Office-Landscape design principles.

Following interaction with the German Metaplan team, he moved into a dedicated methodology for working with corporations et al, to assist them in managing **decision-making using staff and stakeholder collaboration with tactile visualisation.**

Company background

Roger established **Senex Consulting** as a further development of his successful (10-year) Metaplan Australia operation in 1991. **Senex Consulting** networks with *experienced consultants / professionals* who need facilitation assistance, He contracts directly with corporations and large complex organizations to manage project team approaches to change / development work and business planning under the Command and Control framework.

Areas of specialisation

- ◆ Creation of "Discovery Forums"
- ◆ Collaboration and civilization in education
- ◆ Project management via Project Centrum
- ◆ Creation of '*havens*' for victims

Typical Projects (see client list)

Corporate clients (both public and private) and other organizations with diverse memberships call on Senex Consulting to:

- ◆ Develop project and learning governance
- ◆ Constitute corporate guidelines to reach consensus of direction and positive staff attitude in Strategic and Business Planning allied to Australian Standards' requirements
- ◆ **Assist management to exploit the intelligence of its staff wisely, in confidence**

"I profess to place you on a vantage ground from which you may determine more wisely, by determining from a higher point of survey. My purpose is not to map the whole course of your journey, but to serve as your guide to that station at which you may be able to lay down your future route for yourself." Thomas de Quincey
